

VT42AE Rear Vision System Technical Specification

Overview

Our neat and compact space-saving system with ultra-compact monitor.

Incorporating 4.2 colour TFT LCD monitor and high resolution colour Sony CCD mini-camera this system is ideal for vans and light trucks.

Key Specifications

Monitor

- 4.2" LCD TFT monitor
- View angle (U/D/L/R):15/35/45/45
- Built-in control box

Camera

- Image Type: Color SONY CCD
- Resolution (pixels):PAL:500(H)*582(V), NTSC:510(H)*492(V)
- Image Size: 1/4 Inch
- Lens: 2.1mm, F2.0
- Lens angle 130°/150°

Certifications

- E-mark
- RoHS
- FCC

- Resolution: 112320 (pixels)
- Power Requirements : 11~ 30V DC
- Operating Temperature Range : 0°C - 60°C (±3)
- Horizontal Resolution:420TVL
- IP 67 waterproof, & dust resistance
- Power Supply: DC12V±10%
- Power Consumption: ≤1W
- Operating Temperature Range: -30° to +65°

- IP67 Waterproof & dust resistance Test
- Salt-Spray Test Approval
