

VT IDent plus

Vehicle security / Anti-rollaway system

VT IDent plus

The system prevents theft or injury caused by the untrained and unauthorised use of dangerous on board equipment and prevents unauthorised users from driving the vehicle with the added benefit of anti-rollaway.

FEATURES :

- Complete controlled access
- Prevent accidents
- Fuel savings as a vehicle engine is not constantly running
- Up to **60 month warranty** available
- All tags are a passive design they do not contain batteries, therefore, do not have a limited lifespan
- Passive RFID technology – Operator must present their tag
- Improves operational efficiency.
